South Orange County Community College District
Report to the Community

Saddleback College • Irvine Valley College
Advanced Technology & Education Park

40 Years of Excellence
The Vision of the South Orange County Community College District is to create an environment of excellence that best serves the students and community.

The Mission of the South Orange County Community College District is to facilitate diverse opportunities for learning, cultural enrichment and social experiences to foster student success and contribute to our dynamic community.

Forty years ago on Valentine’s Day, February 14, voters approved by more than a two-to-one margin the formation of the South Orange County Community College District. This year is an exciting time as we celebrate our service to the community since 1967.

Saddleback College in Mission Viejo began offering classes in 1968. A satellite campus was established in 1979, which is now known as Irvine Valley College. Our third and newest campus, the Advanced Technology & Education Park (ATEP), will begin offering classes in Tustin in the Fall of 2007.

All three campuses are thriving – with numerous building construction and renovation projects underway. Distance education classes have grown over the past five years at an unprecedented rate: over 200% at Saddleback College and more than 143% at Irvine Valley College.

While it is generally recognized that community colleges are cost-effective and efficient, a recently published study shows that every dollar of state and local taxes invested in our district brings a return of 14.3 percent to state and local governments. Students who attend our colleges have higher earnings, pay more in taxes and use fewer social services than students with just a high school diploma. In recognition of our contributions, our district received the Orange County Business Council 2006 Workforce Development Award.

Our first 40 years have been filled with great student accomplishments and successes. We give our profound thanks to the taxpayers for their continuing faith in our mission to provide the community with educational opportunities. Our deepest appreciation goes to all who have come before us, as well as to the Board of Trustees who are entrusted with stewarding our District’s resources over the coming decades.
The District was founded on Valentine’s Day, February 14, 1967, by a more than two-to-one margin of voters. A $9.5 million bond issue in April, 1968, guaranteed development of the first campus, Saddleback College.

In 1979, a satellite North Campus was opened in Irvine. In 1985, it became an independent college, and was officially named Irvine Valley College.

In 2007, the Advanced Technology & Education Park will begin offering classes to students on the Tustin campus.

At the dedication of Saddleback College on October 19, 1968, President Ronald Reagan, then Governor of California, said, “We are here to dedicate an institution of opportunity and fulfillment.”

Achievements in Academics

In 1973, the James B. Utt Memorial Library was dedicated in honor of the late Orange County congressman. Today the library is slated for an $18 million renovation including a state-of-the-art computer commons center.

For almost four decades, our renowned faculty and top-notch facilities have created a challenging environment for students who transfer and continue their baccalaureate degree at a university, or seek technical training to update their career skills.

In 1968, when Saddleback College opened its doors, 1,546 students selected from 100 different course offerings. In 1975, student enrollment increased 78 percent over the fall of 1974 to 11,041 students. In 2006, more than 24,000 students selected from more than 1,000 course offerings each semester!

In 1973, the James B. McLean Library was dedicated in honor of the late Orange County congressman. Today the library is slated for an $18 million renovation including a state-of-the-art computer commons center.

Saddleback is one of the only community colleges in the nation to provide a “real world” opportunity for aspiring film makers. For two years in a row, students have written scripts, directed and crewed feature length films. The films now have a berth at the Newport Beach Film Festival and are underwritten by film industry professionals.

Saddleback is the first community college in the nation to adopt the “Scholar-Baller” program for all of its 19 athletic teams. The program gives recognition and incentives to student-athletes who excel in the classroom and continue to progress towards completing their academic programs.

In an agreement with Indiana University, students with an associate degree can complete an additional 30 units at Saddleback before obtaining 30 units through Indiana University Distance Education to earn a bachelor’s degree in general studies.

In 1968, the James B. McLean Library opened its doors. 1,546 students selected from 100 different course offerings. In 1973, students enrolled and completed 78 percent over the fall of 1974 to 11,041 students. In 2006, more than 24,000 students selected from more than 1,000 course offerings each semester!

More than 30 college and community members participate in a new program matching experienced adult mentors with students who are in the Extended Opportunity Programs and Services (EOPS).

Achievements in Technology

Saddleback College welcomed its first students on September 23, 1968 at an interim Mission Viejo site, now the present day site of Mission Regional Medical Center. In 1970, the new 200 acre permanent site was dedicated at 28000 Marguerite Parkway.

Achievements in Community Outreach

A on-campus memorial dedicated to veterans is being built – one of the first such memorials at an Orange County community college.

The Emeritus Institute celebrated 30 years of offering learning opportunities to older adults.

The Division of Fine Arts continued its tradition of sold-out student performances, the International Guest Artists Series and the 29th summer season of the Saddleback Civic Light Opera (SCLLO).

KSBR-FM radio has been broadcasting since May of 1979. For two years running, KSBR has been a finalist for the Radio and Records Industry Achievement Award for Smooth Jazz Station of the Year, the only student-operated station to be nominated.

The Saddleback College Foundation gala raised $60,000 for scholarships and instructional enrichment. The 5th Annual Athletic Associates Golf Tournament raised $14,000. The Alumni of the Year award was given to Lynn-Holly Johnson, film star, who also received the 2006 Distinguished Alumna Award from the Community College League of California.

Achievements in Student Life

The rapid prototyping program, funded by a National Science Foundation grant, received national recognition for developing a model of a wounded American soldier’s skull used for reconstructive surgery. The program also received kudos for their virtual reconstruction of a .50 caliber rifle used during the 19th Century Lewis and Clark Expedition.

1,030 state-of-the-art computers have been installed throughout Saddleback. The entire campus is slated to go wireless in 2007.

During the first quarter of the first school year in 1968, the Saddleback College Journalism program began publication of the Lariat. This independent, student-run newspaper has since created career pathways for hundreds of students, including nationally syndicated Drabble cartoonist Kevin Fagan and Pulitzer Prize-winner Lee McCormack.

The Lariat has garnered a number of state and national awards and, for the past two years, was a finalist for the prestigious Pacemaker Award in competition with community college journalism students from across the nation. The Lariat was recognized for its “commitment to excellence in journalism.” In 2005, the newspaper received 18 Awards of Excellence from the Journalism Association of Community Colleges. The Lariat is also a member of the Associated Collegiate Press Hall of Fame. A team of nearly 30 reporters and photographers now produce the paper throughout every fall and spring semester.
Achievements in Excellence

Over the past 39 years, Saddleback has garnered 21 state titles in such sports as baseball, men’s basketball, football, men’s and women’s golf, softball, and men’s tennis. The College has also claimed 147 conference championships in 16 of its 19 intercollegiate programs. Thousands of Saddleback athletes have transferred to our nation’s universities and four-year colleges on athletic and academic scholarships.

The Gaucho Football Team won the 2006 National Bowl Championship of the Mission Conference, as well as the Orange Empire Conference title. The Men’s and Women’s Golf Teams also won Orange Empire Conference titles. Golf Coach Bill Cunerty was named conference Coach of the Year.

The Saddleback College Fulltime Professor of the Year, Music Instructor Harman Weston, was named Orange County Community College Professor of the Year by the Orange County Department of Education.

Professor of Nursing Phyllis Kowal斯基 earned the Barbara of California Nursing Spectrum of Excellence Award in the area of teaching.

The Surf Team won the NSRA National Champions/ia edging out competition from other community colleges and four-year universities.

English as a Second Language Instructor Carol Bandier was presented with the Sadai Iwataki Award, the highest honor for service to the organization and profession by the California Teachers of English as a Second Language.

Tony Lipold, Dean of Physical Education and Athletics, was named district-wide Administrator of the Year. Dr. Barbara Cox, Real Estate Instructor, was named Part-time Professor of the Year. Mary Williams, Grants Analyst, was named Classified Employee of the Year.

Ron Hastings, a Professor of Adapted Physical Education, received the Adapted Physical Education Teacher of the Year Award from the State Commission on Physical Education (SCOPE).
Expanding Opportunities

The groundbreaking for a $31 million Business Sciences and Technology Innovation Center marks the first phase of a 45,000 square-foot, two-story, state-of-the-art learning facility.

Two new associate in arts degrees were added: Art History and Japanese.

Over the past five years, the number of full-time equivalent students in distance education courses has increased 143%. More than 11% of all students enrolled in one or more distance education classes.

MC Channel 33 can now be viewed live via the College website. With no download time, students and the public can access cable programs immediately.

Over the past two years, more than 5,000 state-of-the-art computers have been installed throughout the campus for the use of students, faculty and staff. Also, the MC campus is wireless. It is possible to log on to remotely to do research, homework, and lab assignments as well as access class/schedule information – from either indoor or outdoor locations.

The Speech and Debate Team, with students and coaches from IVC and Saddleback College, has won the national championship for community colleges in the National Parliamentary Debate Association competition for 11 out of the last 13 years. In 2006, for the fifth consecutive year, the team also won the year-long sweepstakes in the Pacific Southwest Collegiate Forensics Association. The team has competed in international tournaments in China, and IVC has hosted debate teams from Eastern Europe, China and Great Britain.

Students Nancy Luster and Wendell Chong were awarded First Prize at the California Community Colleges Satellite Network Students Film and Video Festival in the commercial/promo/PSA category for their production of "The Beat of IVC." Students: Erit Maor was awarded First Place for her research paper "The Role of Portable Technology in College Students’ Lives: The Possible Consequences of Portable Technology on Academic Achievement" by the Psi Beta National Honor Society in Psychology for Community Colleges and Allyn & Bacon Publishers. She received her award at the 2006 American Psychological Association national convention in New Orleans. After identifying 322 North American bird species, Wildbird magazine named student Leigh Johnson as its Birder of the Year. Irvine attorney Stephen Christian, a second-year language student in the Japanese program, won First Prize in the 2006 Japanese Intercollegiate Speech Contest at California State University, Los Angeles. Student Kathleen Settels' poem was chosen from among 1,600 entries worldwide for publication in the Phi Theta Kappa International Honor Society’s literary anthology, Nota Bene. Hers is one of only 20 exceptional entries in this publication, which is distributed to more than 1,700 libraries in the U.S. and abroad.
Since 1988, IVC has hosted the Astounding Inventions competition for students from Irvine Unified and Tustin Unified school districts to promote an interest in science and math. Preliminary rounds of the competition involve more than 4,000 budding inventors, with over 250 students competing in the final rounds. Past winners have appeared on “The Tonight Show with Jay Leno.”

Community Involvement

Tom Wall, a 20-year Marine veteran with over 1,000 combat missions flown in Vietnam, received IVC’s first honorary degree for his long association with the College and many accomplishments in the community. Before his death in June, he had the opportunity to present a scholarship to Criminal Justice major Ruben Vargas, the first recipient of the Lt. Col. Thomas Wall Scholarship established by the Irvine Chamber of Commerce.

The IVC Wind Symphony received its second donation of $50,000 from an anonymous donor to purchase instruments and instructional materials and to fund performances. The IVC Foundation Awards Dinner featuring Huell Howser, the host of PBS’ “California’s Gold,” raised over $40,000 for educational programs. The first annual Alumnus of the Year Award went to Lisa Grossman, a deputy district attorney for Orange County. The 11th Annual Golf Tournament raised over $50,000 for scholarships and golf programs.

In 2004, IVC’s Alpha Omega Mu Chapter of the national Phi Theta Kappa (PTK) international honor society was awarded California’s top honor of Most Outstanding New Reactivated Chapter. It also received the national Pinnacle Award given annually to chapters that show significant membership growth. In a year, Sumudu Weerasuriya, the PTK President that year and now attending UC Berkeley, was one of just 20 students worldwide to receive the 2004 Distinguished Chapter President Award.

Phi Theta Kappa’s mission is to encourage the academic achievement of two-year college students and provide opportunities for growth through participation in honors, leadership, service and fellowship programming. At IVC, PTK members are actively involved in supporting Bridge2Peace in the establishment of schools in Sri Lanka and hosting an international satellite seminar series.

Now acknowledged as one of the fastest growing chapters in the California/Akaska region, IVC’s PTK chapter dominated the 2006 Phi Theta Kappa 88th International Convention in Seattle. With a membership of over 60 students, the chapter was acknowledged with a Service Hallmark award, a Distinguished Chapter award, and a Top 100 Chapter award.

Among Convention awards and honors bestowed on the Chapter: English Professor Kurt Meyer won the Paragon Award for new advisors and College President Dr. Chemi R. Bozorgzadeh was named a Shirley B. Gordon Award of Distinction recipient because of “this outstanding support he has shown for community college students, his commitment to academic excellence, and for his professional leadership.”

Irvine Valley College
Leadership and Accomplishment

Alumni Amali Tower received the Distinguished Alumni Award from the Community College League of California. She founded a non-profit organization called Bridge2Peace which is opening schools in the regions of Sri Lanka that were devastated by the 2004 tsunami.

Music Professor Dr. Daniel Luko had his original composition Study for Electronic Music broadcast nationwide in Germany on Radio WDR3. Music instructor Keatly Haldeman composed theme songs for two national cable television programs.

Psychology professor Dr. Kari Tucker was honored as the national faculty Advisor of the Year by the Psi Beta Honor Society in Psychology.

Ninety-three-year-old Eva Garnet, who teaches senior chair exercise and dance, was honored as IVC’s first Emeritus Teacher of the Year. Dr. Peter Morrison, English Composition Instructor, was named Rubenstein Professor of the Year, James Grunberg, Philosophy Instructor, was named Part-Time Professor of the Year.海棠 Vendris, Administrative Assistant in the Office of Instruction, was named Classified Employee of the Year. Donna Sneed, Director of Community Relations and Outreach, was named district-wide Manager of the Year.

Following years of hosting international debate competitions and traveling extensively to other countries, Debate Coach and IVC Professor Gary Rybold published a textbook entitled Speaking, Listening, and Understanding Debate for Non-Native English Speakers.

The Laser men’s volleyball team won its second Orange Empire Conference title and Head Coach Tom Pestolesi and Assistant Coach Eric Olson were named as Conference Co-Coaches of the Year.

Dr. Elizabeth Cipres, Dean of Students, Guidance and Counseling, received the 2006 Association of California Community College Administrators (ACCCA) Volunteer of the Year Award.

The City of Tustin conveyed 68 acres of prime Orange County real estate to the for-profit Mission Corps of America (MCA) in 1987 to build ATEP, a new educational campus with a technology focus, in 2004.

The initial one-acre campus will open in Fall 2007, with courses offerings in photonics, design model making, rapid prototyping, information security and languages.

The City of Tustin conveyed 68 acres of prime Orange County real estate to the for-profit Mission Corps of America (MCA) in 1987 to build ATEP, a new educational campus with a technology focus, in 2004.

The initial one-acre campus will open in Fall 2007, with courses offerings in photonics, design model making, rapid prototyping, information security and languages.
