?

We're sorry, Ticket number 10400 (Eng 1A) is full. Would you like some assistance finding a similar class?

Yes! Please find a class with:

- Same Instructor
- Same Course
- Same General Date/Time
- Similar Content
- Another Course From My MAP Plan
- Only Show Open Classes
- Exclude Classes That Conflict With My Current Schedule

User Experience

The screenshot displays the Morae Manager software interface. The main window is titled "Recording - Participant" and shows a video of a person interacting with a paper prototype of a web application. The interface includes a menu bar (File, Edit, View, Create, Search, Play, Help), a toolbar, and a left sidebar with "Analyze" and "Project" sections. The "Project" section shows a list of markers with various icons and labels. The central video window shows the participant's hands interacting with the prototype. Below the video is a timeline with a play button and a "File Off" button. The bottom section displays search results for the recording.
