### **Our Commitment to All**

South Orange County Community College District, Saddleback College, and Irvine Valley College reaffirm our values of inclusiveness and diversity, and strive to create a welcoming environment where all people can learn and grow. We believe that expanding the mind is integral to individual and societal growth, economic stability, and intellectual decision making. We extend this opportunity to all students with a wide range of backgrounds, experiences and perspectives. We commit to continual professional development among our devoted faculty and staff who choose this career to help others succeed. We are partnering with our diverse community to make the world a better place, a safer place, a more inclusive place, and a more educated place, one student at a time.
