STATEWIDE EDUCATIONAL WRAP UP PROGRAM, SEWUP JPA

OWNER CONTROLLED INSURANCE PROGRAM (OCIP)—Contractual Provisions

1.1 Introduction

The District, hereinafter called the “Owner” has elected, at its sole discretion, to implement an Owner Controlled Insurance Program (“OCIP”) under the Statewide Educational Wrap Up Program (“SEWUP”). The SEWUP Joint Powers Authority (“JPA”) will be providing the OCIP on behalf of the Owner. All terms and conditions of the SEWUP Contractual Provisions will apply during the term of the contract.

The SEWUP JPA will provide Workers’ Compensation, Employer’s Liability, General Liability, Contractors’ Pollution Liability, and Builders Risk insurance for all Enrolled Contractors (and their Enrolled Subcontractors) and other designated parties for work performed at the Project Site (hereinafter called the “Project”). The Owner agrees to pay all premiums associated with the OCIP, unless otherwise stated in this section and in other contract documents.

Insurance coverage provided under the OCIP is limited in scope and specific to Work performed after the inception date of enrollment into the OCIP. Offsite locations, labor and operations are not covered by the OCIP. In addition to any insurance provided by the Owner, all Contractors/Subcontractors will be responsible for providing certain insurance as specified in Section 2.5. The District recommends that Contractors discuss the OCIP with their insurance agents, brokers or consultants to assure that other proper coverages are maintained, prior to contract acceptance.

Keenan & Associates, herein after called “Program Administrator”, shall administer the OCIP on behalf of the SEWUP JPA. At all times all Contractors/Subcontractors shall cooperate with the Owner and its Program Administrator with all aspects of the OCIP Administration.

A. Participation in the OCIP

Participation in the OCIP is mandatory but not automatic. Each Eligible Contractor must follow the guidelines, as specified in Section 2.3.

Enrollment (Definition): An Eligible contractor is not enrolled until the Program Administrator receives and approves a completed Contract Enrollment Form, for each awarded contract, prior to commencement of on-site activities. Evidence of Insurance for Contractor-Provided Insurance Coverage (see Sections 2.5 and 2.6) is a requirement and must be submitted with the completed Contract Enrollment Form.

Eligible Contractor includes all Contractors/Subcontractors providing direct labor on the Project, and excludes Ineligible Contractors, as defined below. Temporary labor services and leasing companies are to be treated as Eligible Contractors.

Ineligible Contractor includes, but is not limited to, consultants; suppliers who do not perform or do not subcontract installation; demolition that includes abatement and hazardous materials removal; vendors; materials dealers; guard services; non-construction janitorial services; and truckers, including trucking to
the Project where delivery is the only scope of work performed. However, if contracted with an on-site installer, suppliers/vendors should be enrolled in the OCIP only for General Liability, as it pertains to the contractual relationship of the installer's on-site work. Any party deemed an Ineligible Contractor, but who has direct labor on the Project, will be required to participate in the Project Safety Program (see Section 2.15).

Any questions regarding a Contractor's status as “Eligible” or “Ineligible” should be referred to the Program Administrator.

B. Project Site and Offsite Premises

Coverages provided by the OCIP are Project Site specific. The Project Site must be designated by the Owner. The Project Site consists of any and all projects that are endorsed to this policy, which includes the:

1. Ways and means adjoining the endorsed project site.
2. Adjacent locations to the endorsed projects sites where incidental operations are being performed, excluding permanent locations.

With the exception of 1 and 2 mentioned above, off-site locations, labor and operations are not covered by the OCIP. It will be the responsibility of each contractor to maintain off-site insurance, as identified in Section 2.5, which specifies coverage types and minimum limits. Contractor will promptly furnish to the Owner, or its designated representative, Certificates of Insurance evidencing that all required insurance is in force.

1.2 INSTRUCTIONS TO BIDDERS

A. Contractor Qualification

Bid Award is determined by Contractor’s Base Bid (net of insurance costs for coverages provided under the OCIP); however, you still must meet minimum standards in order to bid on the Owners’ Project. The following qualification standard applies to the Bidding Contractor:

1. Have a Workers’ Compensation Experience Modification Rate (EMR) of 1.25 or less
2. Have Zero (0) Serious and Willful violations (Labor Code Section 6300) against them in the past five (5) years
3. Provide evidence of an Injury and Illness Prevention Program (IIPP)

Failure to meet these minimum standards shall disqualify the bidder.

B. Contractor Insurance Cost Identification
Contractor’s base bid shall exclude any and all costs for insurance coverages provided under the OCIP. The Bidder declares that the base bid excludes any costs relating to any insurance coverages afforded under the OCIP and that each subcontractor to the Bidder has similarly excluded costs for any insurance coverage afforded under the OCIP.

2.1 Owner-Provided Insurance Coverages

Contraction should refer to the actual policies for details concerning coverage, exclusions, and limitations. In the event of any claim or question with regard to coverage provided by the OCIP, the original policies will prevail as the sole binding agreement. Policies are available upon request from the OCIP administrator.

The OCIP is for the benefit of the Owner and all Enrolled Contractors/Subcontractors who have on-site employees. OCIP coverage applies only to Work performed under the contract at the Project Site (see Section 1.1, B for definition). All Contractors must provide their own insurance for Automobile Liability and off-site locations, labor, and operations.

Such policies or programs may be amended from time to time, and the terms of such policies or programs are incorporated herein by reference.

Any type of insurance or any increase of limits of liability not described in this Section, which the Contractors/Subcontractors require for their own protection or on account of any statute, will be their own responsibility and at their expense.

2.8 Assignment of Return Premiums

The Owner will be responsible for the payment of all premiums associated solely with the OCIP and will be the sole recipient of any dividend(s) and/or return premium(s) generated by the OCIP.

2.9 Waiver of Subrogation

With respect to their work on the Project Site:

- Owner, City of Tustin and US Department of Navy waives all rights of subrogation and recovery against the Contractors/Subcontractors to the extent of any loss or damage, which is insured under the OCIP.
- Contractors/Subcontractors waive all rights of subrogation and recovery against the Owner, City of Tustin, US Department of Navy and other Contractors/Subcontractors to the extent of any loss or damage, which is insured under the OCIP.

2.10 No Release

The provision of the OCIP, by the Owner, will in no way be interpreted as relieving the Contractors/Subcontractors of any other responsibility or liability under this agreement or any applicable law, statute, regulation, or order.

2.11 Owner's Right to Audit

The Contractor will permit the Owner and/or its representative to examine and/or audit its books, records and insurance policy information. Contractor will also provide any additional information to the Owner, or its appointed representatives, as may be required.
2.12 Extended Ongoing Operations Coverage – Repair Work

This coverage provided under general liability (Coverage A) is extended to apply to ongoing “repair work” for
“bodily injury and property damage” performed subsequent to the ‘project completion date’ not to extend more
than two (2) years after the “project completion date”. For further explanation, please see policy endorsement
U –GL-1114-A CW (10.02)

During the period following the Final Acceptance Date and prior to expiration of the warranty period hereunder,
all Contractors/Subcontractors will maintain, in full force and effect, all insurance as specified in Section 2.5,
covering all Work performed during such period.

2.13 Change Order Pricing

All Contractors/Subcontractors declare, under penalty of perjury under California law, that the change order is
priced to exclude any costs relating to any insurance coverages afforded under the OCIP.

2.14 Duties in the Event of a Loss

Contractors/Subcontractors are required to report any and all losses, which include potential losses, promptly to
the Insurance Company and/or Program Administrator. A full description and details of the incurred loss are
also required.

The Contractor/Subcontractor shall assist the Owner, its agents, and the Program Administrator, by providing
the utmost cooperation in the adjustment of claims arising out of the operations conducted under, or in
connection with, the Project and shall cooperate with the Owner’s Insurers in claims and demands that arise out
of the Work and that the Insurers are called upon to adjust.

2.15 Occupational Safety and Health Compliance

All contractors are expected to comply with all applicable local, state, and federal occupational safety and health
requirements. If additional safety and health requirements are set forth in the contract specifications, all
contractors shall comply with these requirements.

It is the responsibility of each contractor to maintain an environment free of recognized hazards. All contractors
shall exercise reasonable care to prevent work-related injuries; property and equipment damage at the project, as
well as minimize risk to the public and third party property.

In the event of an accident, it shall be the responsibility of the employing and/or responsible contractor to see
that injured workers or members of the public are provided immediate medical treatment. All appropriate
medical and claim forms must be filed in accordance with the claim procedures developed for this project by the
program administrator. This includes notification to the appropriate state authorities, if necessary.

Keenan shall conduct periodic loss control surveys on behalf of the owner. These surveys will focus on
evaluating the contractors’ efforts to minimize loss, assist in identifying loss exposures, and to recommend
appropriate corrective measures. Keenan is a resource to supplement the safety and loss prevention activity of
Contractors / Subcontractors. Its loss control survey activities or other activities of the Program Administrator and/or Insurance Companies do not in any way relieve the Contractors/Subcontractors of their responsibilities for project safety.

**NOTE:**  THE OWNER AND PROGRAM ADMINISTRATOR MUST APPROVE CHANGES TO ANY OCIP REQUIREMENT OR PROCEDURE. NO CONTRACTOR OR SUBCONTRACTOR HAS THE AUTHORITY TO AMEND THE OCIP REQUIREMENTS.
