Addendum No. Three (3)

May 6, 2022

Nick Newkirk
Purchasing and Contracts Manager

Note:

All documents remain unchanged except section or parts added to, revised, deleted and/or clarified by this Addendum.

1. The responses to two questions which were received by the RFI deadline of April 25, 2022 at 5:00pm, but were not addressed in Addendum No. 1 or 2 are shown below:

Q1: The contract term is five years. The first page of Proposal Form E states: "All fees and rates shall be firm and fixed." Does this mean our rates and fees must be fixed for five years, or is it permissible to request an annual cost of living adjustment? If an annual COL adjustment is permitted, are there any guidelines or restrictions you would like us to adhere to?

A1: Contractors shall propose language for annual rate increases (if necessary) over the course of the five-year agreement term. Include the proposed language on the Fee and Rate Proposal Form. All rates will be subject to negotiations prior to award of the contract.

Q2: It appears that you are asking for only one resume for our proposed Project Manager/Primary Point of Contact. Please clarify if this is correct or do you need additional resumes?

A1: At minimum, provide one resume for the proposed Project Manager/Primary Point of Contact. If there is more than one individual that will be directly involved/assigned to the District's account, include those resumes as well.
