

BOARD SELF EVALUATION

The Board is committed to assessing its own performance as a Board in order to identify its strengths and areas in which it may improve its functioning.

To that end, the Board has established the following processes:

1. The Board of Trustees shall determine the instrument or process to be used in board self-evaluation. Any evaluation instrument shall incorporate criteria contained in these board policies regarding board operations, as well as criteria defining board effectiveness promulgated by recognized practitioners in the field. The process for evaluation shall be recommended to and approved by the Board.
2. If an evaluation instrument is used, all board members will be asked to complete the evaluation instrument and submit them to the Board Office to be summarized and compiled.
3. A summary of the evaluations will be presented and discussed regularly at an open Board session scheduled for that purpose. The results will be used to identify accomplishments in the past year and goals for the following year in order to strengthen Board effectiveness.
