

## TRANSFER CENTER

The South Orange County Community College District incorporates as part of its mission the transfer of its students to baccalaureate level institutions. The District further recognizes that students who have historically been underrepresented in transfer to baccalaureate level institutions are a population for which special focus and support should be given.

Each college president in consultation with the college vice president for student services shall ensure that a transfer center plan is implemented that identifies appropriate target student populations, including students with disproportionate impact, is designed to increase the transfer applications of underrepresented students, and complies with laws and regulations.
