

RESIDENCE DETERMINATION

Except for students seeking to enroll exclusively in career development and college preparation courses, and other courses for which no credit is given, students shall be classified at the time of each application for admission or registration as a resident or nonresident student.

A resident is any person who has been a bona fide resident of California for at least one year on the residence determination date. The residence determination date shall be the day immediately preceding the first day of a semester or summer session for which the student applies to attend.

Residence classification shall be made for each student at the time an initial application for admission is accepted during initial registration each term, and whenever a student who has not been in attendance for more than one semester reapplies. A student classified as a nonresident may be reclassified as of any subsequent residence determination date.

The Chancellor shall enact administrative regulations to ensure that residence determinations are made in accordance with California Education Code, Title 5, California Code of Regulations, and the Student Attendance Accounting Manual.
