# FREQUENTLY ASKED QUESTIONS

## WHAT HAPPENS WHEN I TURN 65, BUT MY SPOUSE/DOMESTIC PARTNER IS STILL UNDER 65 AND/OR MY DEPENDENT IS UNDER AGE 26?

The District shall provide retired employees who qualify for continuation of benefits with the option to purchase (at employee expense) medical coverage, provided the Retiree has obtained Medicare A and B coverage. The Retiree and dependent must stay on the under age 65 Retiree plan and will be responsible to pay the District's cost of the under age 65 Retiree medical coverage for the Retiree and dependent(s). The Retiree must submit proof of Medicare Parts A and B.

## WHAT IF MY SPOUSE/DOMESTIC PARTNER TURNS 65, BUT I AM STILL UNDER 65?

Your spouse/domestic partner must enroll in Medicare A and B, and provide a copy of their Medicare card to the District. You and your eligible dependents which include your spouse/domestic partner, and children up to age 26, will remain on the District paid benefits plan until the 1st of the month in which you turn 65.

## WHAT HAPPENS IF I OR MY SPOUSE/DOMESTIC PARTNER DOES NOT ENROLL IN MEDICARE WHEN ELIGIBLE?

If the Retiree or spouse/domestic partner does not enroll in Medicare A and/or B when eligible, or fails to provide the District with a copy of their Medicare card, the Retiree shall pay any penalty, fee, or other cost imposed by the insurance carrier. If the Retiree fails to pay any costs associated with coverage, the coverage will be terminated.

### IMPORTANT!

You and your spouse/domestic partner must supply a copy of your/their Medicare part A and B card to the District no later than 15 days prior to the first of the month in which you/they turn 65. Members must NOT enroll in Medicare D.

## WHAT DO I DO IF MY ADDRESS CHANGED?

If your address has changed, please call to notify the Benefits Department at (949) 582-4898.

## HOW MUCH DOES MEDICARE COST?

*Medicare A:* Most people receive Part A premium-free because they or their spouse paid Medicare taxes while working. If you do not qualify for premium-free Part A, you could pay up to \$565/month (2026 rate). If you pay a late enrollment penalty, this amount is higher. In most cases, if you choose to buy Part A, you must also purchase Part B.

*Medicare B:* Most people pay the standard premium amount. However, if your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you may pay more. Premium amounts can change each year depending on your income. Current Medicare Part B premium amounts are listed in the following table. These numbers are based on your 2025 annual income.

| File Individual Tax Return              | File Joint Tax Return                   | You Pay/Month (in 2026) |

## Retiree 65+ Voluntary Medical WHAT PLANS ARE AVAILABLE?

- District PPO COB Plan
- District HMO COB Plan
- Companion Care Supplement Plan (individual plan that is available only to eligible Retirees and their spouses who have Medicare Parts A and B. Enrollment takes a minimum of 45 days.)
- Blue Shield 65+ HMO Medicare Advantage Plan (individual plan that is available only to eligible Retirees who have Medicare Parts A and B. Enrollment takes a minimum of 45 days.)
- Kaiser Permanente 65+ Senior Advantage HMO Medicare Plan (individual plan that is available only to eligible Retirees who have Medicare Parts A and B. Enrollment takes a minimum of 45 days.)

## WHAT ABOUT MEDICARE?

District PPO and HMO COB Plans: Members must supply proof of Medicare part A and B to the District prior to the first of the month in which the member turns age 65.

Companion Care, Blue Shield, and Kaiser 65+ HMO Medicare Advantage Plans: Members must submit proof of part A and B with application at least a minimum of 45 days prior to coverage effective date.

Proof of Medicare must be submitted on all enrolled members who are age 65+ (including spouses in the case of Companion Care). If a member is missing part A or B or both, they will only be allowed to enroll in the COB PPO or HMO plan and will pay a higher rate.

Members must NOT enroll in Medicare D. This is because prescription drug coverage is included in the COB PPO and HMO plans, and Medicare Part D enrollment is automatic with Companion Care and Medicare Advantage plans.

Please Note: Retiree members with spouses who are under age 65 will remain on the under age 65 Retiree PPO plan until that spouse becomes Medicare eligible. The Retiree member will be charged the under age 65 Retiree composite rate and must submit proof of Medicare Parts A and B.

### OUR PLANS

Kaiser Permanente HMO (SISC) Plan

Blue Shield HMO (SISC) Plan

Blue Shield PPO (SISC) Plan

Age 65+ CompanionCare

Age 65+ Blue Shield Advantage Plan

Age 65+ Kaiser Senior Advantage Plan

Retirees remain eligible for pre-65 medical coverage until they become Medicare-eligible or reach age 65, whichever occurs first.

We have a variety of medical plan options for those under 65, over 65, and Coordination of Benefits with Medicare. Review the network provider information and out-of-pocket costs such as deductible, coinsurance and prescription drugs so you can choose the best fit for your health concerns and budget/understand how the plan works.

### Which Plan Is Right For You?

That depends on your healthcare needs, favorite doctors, and budget. Here are some considerations.

#### Consider an HMO (Health Maintenance Organization) if:

- You want lower, predictable out-of-pocket costs
- You like having one doctor to manage your care
- You are happy with the selection of network providers
- You don't see any doctors that are out-of-network
- You have convenient access to Kaiser facilities

#### Consider a PPO (Preferred Provider Organization) if:

- You want to be able to see any provider, even a specialist, without a referral
- You are willing to pay more to see out-of-network providers

## MEDICAL PLANS – UNDER AGE 65

Here are some important facts to remember about the PPO COB:

- The insurance that pays first (primary payer) pays up to the limits of its coverage.
- The insurance that pays second (secondary payer) only pays if there are costs the primary insurer didn't cover.
- The secondary payer (which may be Medicare) might not pay all of the uncovered costs.
- If your employer insurance is the secondary payer, you might need to enroll in Part B before your insurance will pay
- If you have questions about who pays first, call Medicare's Benefits Coordination & Recovery Center (BCRC) at (855) 798-2627.

Here are some important facts to remember about the HMO COB:

- The insurance that pays first (primary payer) pays up to the limits of its coverage.
- The insurance that pays second (secondary payer) only pays if there are costs the primary insurer didn't cover.
- The secondary payer (which may be Medicare) might not pay all of the uncovered costs.
- If your employer insurance is the secondary payer, you might need to enroll in Part B before your insurance will pay.
- You must seek care from a provider who accepts the HMO Access+ Network
- You may self-refer to a specialist within your HMO medical group. Should you self-refer to a specialist that accepts Medicare but is outside of your HMO medical group and/or network, you will be responsible for any amount that Medicare may not cover.

The Centers for Medicare and Medicaid Service (CMS) permits members to be enrolled in only one Medicare Part D plan. Enrollment in any other Medicare Part D prescription drug plan will result in disenrollment from the medical and prescription drug plan.

Please always carefully read and promptly and appropriately respond to any letters you may receive from CMS, Medicare, or Social Security. The federal government may assess an **Income-Related Adjustment Amount (IRMAA)**. These are fees associated with individuals enrolled in Medicare Part D whose incomes exceed certain thresholds. If you receive a IRMAA invoice, you will need to pay it in order to remain enrolled in your plan. ## DENTAL

### OUR PLANS

Delta Dental PPO (ACSIG)

### DID YOU KNOW?

Keeping your teeth and gums healthy isn't the only reason you should practice preventive dental care. With good dental hygiene, you can greatly reduce your risk of getting cavities, gingivitis, periodontitis, and other dental problems.

You can also reduce your risk of secondary problems caused by poor oral health such as diabetes, heart disease, osteoporosis, respiratory disease and even cancer.

We offer a dental plan through Delta Dental/ACSIG.

### Why Sign Up For Dental Coverage?

It's important to go to the dentist regularly. Brushing and flossing are great, but regular exams catch dental issues early before they become more expensive and difficult to treat.

That's where dental insurance comes in. Dental insurance makes it easier and less expensive to get the care you need to maintain good oral health.

Dental insurance covers four types of treatments:

- **Preventive** care includes exams, cleanings and x-rays
- **Basic** care focuses on repair and restoration with services such as fillings, root canals, and gum disease treatment
- **Major** care goes further than basic and includes bridges, crowns and dentures
- **Orthodontia** treatment to properly align teeth within the mouth.

### Cost of Coverage

|                  | Retiree  | Retiree + 1 | Retiree + Family |
|------------------|----------|-------------|------------------|
| Delta Dental PPO | \$123.90 | \$210.70    | \$322.30         |

# DENTAL

Regular visits to your dentists can help more than protect your smile, they can help protect your health. Recent studies have linked gum disease to damage elsewhere in the body and dentists are able to screen for oral symptoms of many other diseases including cancer, diabetes and heart disease.

South Orange County Community College District provides Retirees 65+ with a voluntary comprehensive dental coverage through Delta Dental of California/ACSIG. If you are a Retiree under age 65, dental benefits will continue to be paid by the District for you and your eligible dependents until the 1st of the month in which you turn 65.

Log on to Delta's website at [deltadentalins.com](http://deltadentalins.com) or call (866) 499-3001 for more information.

## What you need to know about this plan

### Diagnostic and Preventive Maximum Waiver<sup>1</sup>

# VISION

## OUR PLANS

- Vision Service Plan (VSP/ACSIG)
- Kaiser Vision Care

Click to play video

We offer two vision plans through VSP/ACSIG and Kaiser.

## Why Sign Up For Vision Coverage?

Vision coverage helps with the cost of eyeglasses or contacts. But even if you don't need vision correction, an annual eye exam checks the health of your eyes and can even detect more serious health issues such as diabetes, high blood pressure, high cholesterol, and thyroid disease.

You'll even find discounts on services like LASIK and PRK, rebates on contact lenses, and money off on hearing aids and other related services. Visit the plan's website to check out these extra savings.

# VISION

Routine vision exams are important, not only for correcting vision but because they can detect other serious health conditions. South Orange County Community College District provides Retirees 65+ with a comprehensive vision coverage through Vision Service Plan (VSP). If you are a Retiree under age 65, vision benefits will continue to be paid by the District for you and your eligible dependents until the 1st of the month in which you turn 65. After age 65, District-paid vision may also be available, depending on your bargaining unit and eligibility. Log on to VSP's website at [vsp.com](http://vsp.com) or call (800) 877-7195 for more information.

1. The District will provide supplemental medical coverage for the eligible retiree provided the Retiree has purchased Medicare A and B coverage. If the Retiree has not purchased Medicare A and B coverage, the Retiree pays the difference between the cost of the insurance and the cost of the District paid insurance, including any penalty, fee, or other cost imposed by the insurance carrier unless the Retiree elects to decline coverage.

2. The Retiree must pay for their dependent's coverage if the Retiree wishes to continue such coverage.

3. Rate assumes enrollment with Retiree and not offered as a stand-alone. You, the Retiree, must enroll in Medicare A and B, and supply the District with a copy of your Medicare Card. You are then able to purchase the Blue Shield PPO medical plan for your dependent(s) at the current cost of (\$1,686) per month. The cost of dependent coverage is usually calculated by subtracting the District's cost of the Blue Shield COB PPO medical plan (\$1,012) from the cost of the Blue Shield PPO medical plan (\$2,698). For Kaiser HMO, you pay the difference between the Kaiser Active composite rate (\$2,429) per month and the Kaiser HMO 65+ (\$243) per month, so you can purchase the Kaiser HMO medical plan for your dependent(s) at the current cost of (\$2,186) per month.

# GLOSSARY

## -A-

### **AD&D Insurance**

An insurance plan that pays a benefit to you or your beneficiary if you suffer from loss of a limb, speech, sight, or hearing, or if you have a fatal accident.

### **Allowed Amount**

The maximum amount your plan will pay for a covered healthcare service.

### **Ambulatory Surgery Center (ASC)**

A healthcare facility that specializes in same-day surgical procedures such as cataracts, colonoscopies, upper GI endoscopy, orthopedic surgery, and more.

### **Annual Limit**

A cap on the benefits your plan will pay in a year. Limits may be placed on particular services such as prescriptions or hospitalizations. Annual limits may be placed on the dollar amount of covered services or on the number of visits that will be covered for a particular service. After an annual limit is reached, you must pay all associated health care costs for the rest of the plan year.

## -B-

### **Balance Billing**

In-network providers are not allowed to bill you for more than the plan's allowable charge, but out-of-network providers are. This is called balance billing. For example, if the provider's fee is \$100 but the plan's allowable charge is only \$70, an out-of-network provider may bill YOU for the \$30 difference (the balance).

### **Beneficiary**

The person (or persons) that you name to be paid a benefit should you die. Beneficiaries are requested for life, AD&D, and retirement plans. You must name your beneficiary in advance.

### **Brand Name Drug**

A drug sold under its trademarked name. For example, Lipitor is the brand name of a common cholesterol medicine.

## -C-

### **COBRA**

A federal law that may allow you to temporarily continue healthcare coverage after your employment ends, based on certain qualifying events. If you elect COBRA (Consolidated Omnibus Budget Reconciliation Act) coverage, you pay 100% of the premiums, including any share your employer used to pay, plus a small administrative fee.

### **Claim**

A request for payment that you or your health care provider submits to your healthcare plan after you receive services that may be covered.

### **Coinurance**

Your share of the cost of a healthcare visit or service. Coinsurance is expressed as a percentage and always adds up to 100%. For example, if the plan pays 70%, your coinsurance responsibility is 30% of the cost. If your plan has a deductible, you pay 100% of the cost until you meet your deductible amount.

### **Copayment**

A flat fee you pay for some healthcare services, for example, a doctor's office visit. You pay the copayment (sometimes called a copay) at the time you receive care. In most cases, copays do not count toward the deductible.

## -D-

### **Deductible**

The amount of healthcare expenses you have to pay for with your own money before your health plan will pay. The deductible does not apply to preventive care and certain other services.

Family coverage may have an **aggregate** or **embedded** deductible. Aggregate means your family must meet the entire family deductible before any individual expenses are covered. Embedded means the plan begins to make payments for an individual member as soon as they reach their individual deductible.

### **Dental Basic Services**

Services such as fillings, routine extractions and some oral surgery procedures.

**Dental Diagnostic & Preventive** Generally includes routine cleanings, oral exams, x-rays, and fluoride treatments. Most plans limit preventive exams and cleanings to two times a year.

### **Dental Major Services**

Complex or restorative dental work such as crowns, bridges, dentures, inlays and onlays.

### **Dependent Care Flexible Spending Account (FSA)**

An arrangement through your employer that lets you pay for eligible child and elder care expenses with tax-free dollars. Eligible expenses include day care, before and after-school programs, preschool, and summer day camp for children under age

13. Also included is care for a spouse or other dependent who lives with you and is physically incapable of self-care.

## -E-

### **Eligible Expense**

A service or product that is covered by your plan. Your plan will not cover any of the cost if the expense is not eligible.

### **Excluded Service**

A service that your health plan doesn't pay for or cover.

## -F-

### **Formulary**

A list of prescription drugs covered by your medical plan or prescription drug plan. Also called a drug list.

## -G-

### **Generic Drug**

A drug that has the same active ingredients as a brand name drug but is sold under a different name. For example, Atorvastatin is the generic name for medicines with the same formula as Lipitor.

### **Grandfathered**

A medical plan that is exempt from certain provisions of the Affordable Care Act (ACA).

## -H-

**Health Reimbursement Account (HRA)** An account funded by an employer that reimburses employees, tax-free, for qualified medical expenses up to a maximum amount per year. Sometimes called Health Reimbursement Arrangements.

### **Healthcare Flexible Spending Account (FSA)**

A health account through your employer that lets you pay for many out-of-pocket medical expenses with tax-free dollars. Eligible expenses include insurance copayments and deductibles, qualified prescription drugs, insulin, and medical devices, and some over-the-counter items.

**High Deductible Health Plan (HDHP)** A medical plan with a higher deductible than a traditional insurance plan. The monthly premium is usually lower, but you pay more health care costs (the deductible) before the insurance company starts to pay its share. A high deductible plan (HDHP) may make you eligible for a health savings account (HSA) that allows you to pay for certain medical expenses with money free from federal taxes.

# GLOSSARY

## -I-

### **In-Network**

In-network providers and services contract with your healthcare plan and will usually be the lowest cost option. Check your plan's website to find doctors, hospitals, labs, and pharmacies. Out-of-network services will cost more or may not be covered.

## -L-

### **Life Insurance**

An insurance plan that pays your beneficiary a lump sum if you die.

### **Long Term Disability Insurance**

Insurance that replaces a portion of your income if you are unable to work due to a debilitating illness, serious injury, or mental disorder. Long term disability generally starts after a 90-day waiting period.

## -M-

### **Mail Order**

A feature of a medical or prescription drug plan where medicines you take routinely can be delivered by mail in a 90-day supply.

## -O-

### **Open Enrollment**

The time of year when you can change the benefit plans you are enrolled in and the dependents you cover. Open enrollment is held one time each year. Outside of open enrollment, you can only make changes if you have certain events in your life, like getting married or adding a new baby or child in the family.

### **Out-of-Network**

Out-of-network providers (doctors, hospitals, labs, etc.) cost you more because they are not contracted with your plan and are not obligated to limit their maximum fees. Some plans, such as HMOs and EPOs, do not cover out-of-network services at all.

### **Out-of-Pocket Cost**

A healthcare expense you are responsible for paying with your own money, whether from your bank account, credit card, or from a health account such as an HSA, FSA or HRA.

### **Out-of-Pocket Maximum**

Protects you from big medical bills. Once costs "out of your own pocket" reach this amount, the plan pays 100% of most remaining eligible expenses for the rest of the plan year.

Family coverage may have an *aggregate* or *embedded* maximum. Aggregate means your family must meet the entire family out-of-pocket maximum before the plan pays 100% for any member. Embedded means the plan will cover 100% for an individual member as soon as they reach their individual maximum.

### **Outpatient Care**

Care from a hospital that doesn't require you to stay overnight.

## -P-

### **Participating Pharmacy**

A pharmacy that contracts with your medical or drug plan and will usually result in the lowest cost for prescription medications.

### **Plan Year**

A 12-month period of benefits coverage. The 12-month period may or may not be the same as the calendar year.

### **Preferred Drug**

Each health plan has a preferred drug list that includes prescription medicines based on an evaluation of effectiveness and cost. Another name for this list is a "formulary." The plan may charge more for non-preferred drugs or for brand name drugs that have generic versions. Drugs that are not on the preferred drug list may not be covered.

### **Preventive Care Services**

Routine healthcare visits that may include screenings, tests, check-ups, immunizations, and patient counseling to prevent illnesses, disease, or other health problems. Many preventive care services are fully covered. Check with your health plan in advance if you have questions about whether a preventive service is covered.

### **Primary Care Provider (PCP)**

The main doctor you consult for healthcare issues. Some medical plans require members to name a specific doctor as their PCP and require care and referrals to be directed or approved by that provider.

## -S-

### **Short Term Disability Insurance**

Insurance that replaces a portion of your income if you are temporarily unable to work due to surgery and recovery time, a prolonged illness or injury, or pregnancy issues and childbirth recovery.

## -T-

### **Telehealth / Telemedicine / Teledoc**

A virtual visit to a doctor using video chat on a computer, tablet or smartphone. Telehealth visits can be used for many common, non-serious illnesses and injuries and are available 24/7. Many health plans and medical groups provide telehealth services at no cost or for much less than an office visit.

## -U-

### **UCR (Usual, Customary, and Reasonable)**

The amount paid for a medical service in a geographic area based on what providers in the area usually charge for the same or similar medical service. The UCR amount sometimes is used to determine the allowed amount.

### **Urgent Care**

Care for an illness, injury or condition serious enough that care is needed right away, but not so severe it requires emergency room care. Treatment at an urgent care center generally costs much less than an emergency room visit.

## -V-

### **Vaccinations**

Treatment to prevent common illnesses such as flu, pneumonia, measles, polio, meningitis, shingles, and other diseases. Also called immunizations.

### **Voluntary Benefit**

An optional benefit plan offered by your employer for which you pay the entire premium, usually through payroll deduction.

# IMPORTANT PLAN INFORMATION

## WHAT YOU NEED TO KNOW ABOUT THE “NO SURPRISES” RULES

The “No Surprises” rules protect you from surprise medical bills in situations where you can’t easily choose a provider who’s in your health plan network. This is especially common in an emergency situation, when you may get care from out-of-network providers. Out-of-network providers or emergency facilities may ask you to sign a notice and consent form before providing certain services after you’re no longer in need of emergency care. These are called “post-stabilization services.” You shouldn’t get this notice and consent form if you’re getting emergency services other than post-stabilization services. You may also be asked to sign a notice and consent form if you schedule certain non-emergency services with an out-of-network provider at an in-network hospital or ambulatory surgical center.

The notice and consent form informs you about your protections from unexpected medical bills, gives you the option to give up those protections and pay more for out-of-network care, and provides an estimate of what your out-of-network care might cost. You aren’t required to sign the form and shouldn’t sign the form if you didn’t have a choice of health care provider or facility before scheduling care. If you don’t sign, you may have to reschedule your care with a provider or facility in your health plan’s network.

[View a sample notice and consent form](#) (PDF).

This applies to you if you’re a participant, beneficiary, enrollee, or covered individual in a group health plan or group or individual health insurance coverage, including a Federal Employees Health Benefits (FEHB) plan.

# Medicare Part D Notice

## **Important Notice from South Orange County Community College District About Your Prescription Drug Coverage and Medicare**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with South Orange County Community College District and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. South Orange County Community College District has determined that the prescription drug coverage offered by the Blue Shield HMO, Blue Shield PPO and Kaiser HMO plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

---

### **When Can You Join A Medicare Drug Plan?**

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

## What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your South Orange County Community College District coverage will not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage under the Blue Shield HMO, Blue Shield PPO, and Kaiser HMO are creditable (e.g., as good as Medicare coverage), you can retain your existing prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your South Orange County Community College District prescription drug coverage, be aware that you and your dependents can only get this coverage back at open enrollment or if you experience an event that gives rise to a HIPAA Special Enrollment Right.

## When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with South Orange County Community College District and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

## For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the Benefits department listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through South Orange County Community College District changes. You also may request a copy of this notice at any time.

## For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit [medicare.gov](https://www.medicare.gov)
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call 800-MEDICARE (800-633-4227). TTY users should call 877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at [socialsecurity.gov](https://www.socialsecurity.gov), or call them at 800-772-1213 (TTY 800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

# Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Contact your health plan's Member Services for more information.

# Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, call your plan administrator.

# HIPAA Notice of Special Enrollment Rights

If you decline enrollment in a South Orange County Community College District health plan for you or your dependents (including your spouse) because of other health insurance or group health plan coverage, you or your dependents may be able to enroll in South Orange County Community College District health plan without waiting for the next open enrollment period if you:

- Lose other health insurance or group health plan coverage. You must request enrollment within 30 days after the loss of other coverage.
- Gain a new dependent as a result of marriage, birth, adoption, or placement for adoption. You must request health plan enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.
- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible. You must request medical plan enrollment within 60 days after the loss of such coverage.

If you request a change due to a special enrollment event within the 30-day timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For all other events, coverage will be effective the first of the month following your request for enrollment. In addition, you may enroll in South Orange County Community College District health plan if you become eligible for a state premium assistance program under Medicaid or CHIP. You must request enrollment within 60 days after you gain eligibility for medical plan coverage. If you request this change, coverage will be effective the first of the month following your request for enrollment. Specific restrictions may apply, depending on federal and state law.

Note: If your dependent becomes eligible for a special enrollment right, you may add the dependent to your current coverage or change to another health plan.

# Availability of Privacy Practices Notice

We maintain the HIPAA Notice of Privacy Practices for South Orange County Community College District describing how health information about you may be used and disclosed. You may obtain a copy of the Notice of Privacy Practices by contacting Human Resources.

## Availability of Summary Information

As an employee, the health benefits provided by South Orange County Community College District represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

South Orange County Community College District offers a variety of benefit plans to eligible employees. The federal health care reform law requires that eligible members of an employer plan receive a Summary of Benefits and Coverage (SBC) for any medical and pharmacy plans available. The SBC is intended to provide important plan information to individuals, such as common benefit scenarios and definitions for frequently used terms. The SBC is intended to serve as an easy-to-read, informative summary of benefits available under a plan. SBCs and any revisions or amendments of the plans offered by South Orange County Community College District are available by contacting Benefits.

## Notice of Choice of Providers

The Blue Shield and Kaiser Permanente HMO plan generally requires the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, Blue Shield designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your insurance carriers directly.

For children, you may designate a pediatrician as the primary care provider.

## ACA Disclaimer

This offer of coverage may disqualify you from receiving government subsidies for an Exchange plan even if you choose not to enroll. To be subsidy eligible you would have to establish that this offer is unaffordable for you, meaning that the required contribution for employee only coverage under our base plan exceeds 8.39% in 2024 of your modified adjusted household income.

# Premium Assistance under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of **January 31, 2026**. Contact your State for more information on eligibility.
